

# Halogen IC Conversion Kit 8W Mini-Module & Pre-wired UID Driver

LED8W

The LED8W module kit converts existing CA135 50W Halogen downlights with an IC rated under insulation 8W LED module and driver. The dedicated Module and Driver features a far greater lifespan and light quality when compared to LED MR16 retrofit lamps. The LED8W is perfect for updating hard to replace large cut out gimbal style halogen single, double and triple downlights. The LED8W kits are suitable for use in all existing Halcyon Halogen downlights.
